Summary

I build and run web platforms in TypeScript, PostgreSQL and Linux.

Skills

- TypeScript, React
- PostgreSQL, Webhooks
- Node.js, APIs
- Linux, Docker

Professional Experience

Founder / Product Engineer / Systems Lead

Technomancy IT LLC

Present

- Own design, deployment and production support for client software.
- Built TypeScript and PostgreSQL workflows spanning client intake, operations and billing.

Senior Systems Engineer / Datacenter Architect

Front Range Internet Inc.

2015 - 2020

- Ran hosted web services, built in PHP and JavaScript, and replaced the billing system.
- Led NOC operations and engineering escalations; built diagnostics for hosting and colocation customers.

Systems / Software Engineer

Office Evolution

2014 - 2015

- Built Linux routing and Node.js provisioning tools for separate customer office networks.
- Built a front-desk interface for routine Wi-Fi support.

Network & Systems Engineer

PlumChoice / Everon

2012 - 2014

- Supported customer networks and endpoints, handled on-call escalations and built repeatable diagnostics.

Infrastructure and Systems Focal

IBM

2010 - 2012

- Wrote scripts in Perl, Bash, VBA and PHP; built an internal backup tool that reduced reliance on paid licensing.

Selected Projects

NuPrice

Long-term client product

- Built and operated a marketplace repricer, translating competitor data and customer rules into pricing decisions.

Proofmark

Completed client contribution

- Built across the React interface, APIs, PostgreSQL and outbound webhooks for a signing workflow.

Technomancy IT: Client Operations

Own practice platform

- Built container health checks, public HTTP checks and a PostgreSQL restore checker for a client operations platform.

Education

Front Range Community College

Computer Science coursework

2011 - 2013

Certifications and Training

CompTIA A+ | CompTIA | Earned

CompTIA Network+ | CompTIA | Earned
